

**THE 5th IMBG INTERNATIONAL CONFERENCE OF YOUNG SCIENTISTS
and the 1st CONFERENCE of YOUNG SCIENTISTS of the DEPARTMENT BioPhMB
NAS of Ukraine**

“Today’s challenges in molecular and cell biology”

The Institute of Molecular Biology and Genetics (IMBG), and Institutes from the Department of Biochemistry, Physiology and Molecular Biology (BioPhMB) of National Academy of Sciences of Ukraine (NASU) will hold a joint conference (CYS-2015) on the Life sciences.

The 5th International Conference for Young Scientists 2015 and the 1st Department BioPhMB Conference of Young Scientists will take place from September 21 (Monday) to September 25 (Friday) at the Institute of Molecular Biology and Genetics NAS of Ukraine in Kyiv, Ukraine.

This year's meeting will focus on the latest achievements in the areas of molecular biology, genetics, structural biology and bioinformatics as well as biotechnology and physiology. Well-renowned speakers from international scientific society will be invited to give their expert view on actual problems in fundamental and applied biology. The conference will bring together undergraduate and PhD students, postdoctoral fellows and young researchers under 36 years old from Europe and the entire world to meet and make friends as well as discuss scientific affairs and share experience in their research areas. We expect more than 200 international participants and believe that CYS-2015 will be an excellent platform for everyone to generate new ideas and start cooperation.

Conference sections:

- Molecular Biology
- Genetics
- Bioinformatics and Structural Biology
- Biotechnology
- Physiology
- Cell Biology

WORKSHOPS

All **Conference participants** will have an opportunity to apply for one (or more) Workshop, which will be conducted on **September, 21 (Monday)** in the following Institutes:

Institute of Molecular Biology and Genetics NAS of Ukraine

Bioinformatical Workshop

Palladin Institute of Biochemistry NAS of Ukraine

Workshops:

Confocal microscopy

Flow cytofluorometry

Bogomoletz Institute of Physiology NAS of Ukraine

Confocal microscopy Workshop

Zabolotny Institute of Microbiology and Virology NAS of Ukraine

High-performance liquid chromatography Workshop

Kavetsky Institute of Experimental Pathology, Oncology and Radiobiology NAS of Ukraine

Flow cytofluorometry Workshop

The registration and more detailed information about Workshops will be available soon!
